About our team

Attached to this document are the profiles for our advisers. These adviser profiles provide information about their contact details, qualifications, experience and any memberships they may hold.

Why you should choose us

We aim to provide personalised and responsible advice suited to your objectives and believe that sound advice and planning is the key to improving your financial position.

We undertake continuous professional development, to keep us up to date with all applicable legislative, strategy and product changes.

We have access to technical, risk and investment research professionals who provide us with additional analysis on strategies and products that become available.

We will help you determine your goals and weigh up different investment strategies to achieve them.

Most importantly, we turn your thoughts into action. There are no secret formulas for achieving financial security. We work with you to get the basics right and ensure you have a plan to achieve your goals over time.

Approved Products

Advice Evolution Pty Ltd maintains a broad approved list, containing investment and insurance products that have been researched by at least two research houses.

Documents you may receive

Our advice will be provided to you in a financial plan, known as a Statement of Advice (SOA). The financial plan contains a summary of your goals, our strategies and financial product recommendations to achieve your goals. It also provides you with detailed information about the fees, costs and other benefits we will receive as a result of the advice we have provided.

We will keep a record of any further advice we provide. You may request a copy by contacting our office.

You will also receive a Product Disclosure Statement (PDS) if we have recommended you invest in or purchase a financial product. The PDS contains key features of the recommended product, significant benefits, risks and the fees you pay the product provider to professionally manage your investment or insurance.

You may also receive an ongoing or annual agreement which will outline how we monitor your strategy and portfolio and make sure they are the best available to achieve your goals.

You should read any warnings contained in your financial plan, the PDS or IDPS guides carefully before making any decision relating to a financial strategy or product.

You can contact us with any questions relating to your financial products.

Our financial planning process

Everyone has different circumstances, needs and goals. We treat everyone as an individual, but follow a defined financial planning process, to make sure you know what to expect from us.

Initial Consultation

Firstly, we briefly go through this financial services guide as an important informative process so that you understand who we are, what we can give advice on, who is responsible for our advice and how your best interests are protected. After that we let you do 95% of the talking so that you can let us know what is important to you, what your concerns are, and what you have on your bucket list.

Discovery Meeting

We assess what advice you need, when and why, to strategically help you live the best life you can. We start mapping out your life and financial journey including the fun stuff. We are targeting the right wealth, so that you do not have to compromise your current living standards into your retirement but ensure you have life balance along the way.

Explaining your Advice

We will explain the strategies we designed to bridge the gap between where you are now and where you want to be. It is important to us that you are completely comfortable and understand what we are proposing.

Starting your Journey

We work closely with you to implement your financial plan. We do all of the paperwork to make the steps simple, smooth and stress free. A brief implementation review is conducted to ensure you are comfortable and have no further queries or concerns.

Staying on Track

It is just as important to regularly review your position, as it is to get the right strategic advice initially. As time goes on circumstances, legislation, markets, economies and sometimes even goals change. We enjoy meeting with you to discuss your position annually and require you engage in the ongoing review process to keep your journey on track.

We feel that it's important to keep your goals in concrete and your plans in sand.

Transaction Services

No advice transaction services are only performed for existing clients.

If you would like us to help you complete a particular transaction without our advice, we can take your instructions and arrange for the transaction to be completed without providing advice. It is important to understand that in these circumstances we will generally ask you to confirm your instructions in writing and to sign a letter that acknowledges you have declined our offer of advice as well as understand the risks of a transaction service. You will be provided with a copy of the letter for your own records.

Fees

The fees charged for our advice are designed to be fair and clear. Our advice fees may include charges for the following advice services:

Consultation Fee – You may be charged up to \$275 for an initial consultation.

Advice Fee – For Basic to Complex strategic advice this may range from \$3,300 to \$6,600.

The initial advice fee will also be disclosed in your SOA.

Centrelink Fee – This is a flat fee of \$880 for an individual or couple to apply for Centrelink benefits such as Age Pension.

Your advice fees will be calculated at the time we provide you with personal advice. Your SOA will outline the advice fees and any commission inclusive of GST.
